

The Application of Good Project Management Skills in Construction Projects – CMYA Winners' Experience Sharing

Joint CPD Seminar

Tuesday, 27 March 2012

Content Completion of construction projects on time, meeting the required quality and within cost budgets demands application of good project management skills. The achievement is of particular importance in terms of meeting Client's expectations, company goals as well as personal aspirations.

The Gold and Silver winners of CMYA would share with us their valuable experience in the application of good project management skills to successfully accomplish their construction projects.

Speaker: **Ir Lau Kai-ming Eric, CMYA 2010 Gold Award Winner**, is the Senior Project Manager of Hip Hing Construction Company Limited, Registered Structural Engineer, Authorized Person (List of Engineers), Member of HKIE, CEng and possesses more than 20 years of experience in the construction industry.

Eric has experience in managing various large-scale complex mega projects in both civil and building natures from design to construction. Projects involved vary from residential, commercial, hotel, tunnel, basement, demolition and foundations. He has the abilities to understand client requirements for enabling development of alternative design solutions to deliver high-ends projects and adopting innovative construction technique.

Mr Lau Chak-kei Jacky, CMYA 2010 Silver Award Winner, has been working in the industry for over 21 years. He started his career in the industry as a site engineer and later on deliberately changed his employment as a quantity surveyor in order to gain exposures in a wider spectrum.

Jacky obtained his first professional qualification as a member of RICS and HKIS in 1997 and subsequently acquired the corporate membership of CIOB and HKIE. He has become an Authorized Signatory of a RGBC since 2004.

He had been elected as a member of "Contractors Registration Committee" under the Building Department from 2009 -2010. At present, he is serving as a Member of the Registered Contractors' Disciplinary Board Panel under the Building Ordinance.
