## Synopsis of the Seminar

Building services installation and builder works are important features before Occupy Permit. Fire services, plumbing, drainage, E&M works and installation are needed to be inspected. An innovative method “BIMap” (Building Information Map) has been introduced to combine visual image and BIM application to facilitate the inspection works.

## Guest Speaker

Mr. Chan is a serial entrepreneur involved multiple industries including smart construction technology, GIS and Aerial Survey. Recently co-founded GeoXpert Limited, a company providing collaborative platform for geospatial data, application including survey management and construction inspection

Mr. Kevin Chan (Founder and Partner, Geoxpert)

## Registration

Prior registration is required. Registrations will be processed on a first-come first-served basis because of limited seats. **Please complete the online registration form below on or before the closing date of 8 December 2019 (Sunday).** Unsuccessful applicants will be notified via email. If the Black Rainstorm Signal or the Tropical Cyclone Warning Signal No. 8 or above is hoisted, the seminar will be cancelled.
